Arlington, Texas, USA • [work.abhishekn@gmail.com](mailto:work.abhishekn@gmail.com) • [www.abhishekn.in](http://www.abhishekn.in) • [linkedin.com/in/abhisheknagaraja](https://linkedin.com/in/abhisheknagaraja)

Strategic Program and Operations Manager with a track record of building scalable systems and leading complex, cross-functional projects from ideation to launch. Expert in driving operational efficiency and reliable delivery through data-driven process improvement, stakeholder management, and team leadership.

## Education

University of Texas at Arlington  
*Master of Science in Computer Science*

Texas, USA  
August 2023 - May 2024

Master of Science in Engineering Management

May 2024 - Current

[Jawaharlal Nehru Technological University Hyderabad](#)  
*Bachelor of Technology in Computer Science and Engineering*

Hyderabad, India  
August 2019 - July 2023

## Work Experience

Program Manager Intern, [University of Texas at Arlington](#) - Texas, USA

October 2023 - October 2025

- **Founded** the 'MavMarket' campus marketplace and led a **cross-functional team** of 7 members to manage the **end-to-end program lifecycle**—from ideation and vendor management to product launch planning and resource allocation—scaling the event to **200+ vendors, 5,000+ attendees, and an estimated \$120,000 in collective revenue**.
- Tracked and reported on program KPIs to executive stakeholders, using data-driven feedback loops and Power BI analysis to **boost vendor Net Promoter Score (NPS) by 35%** and increase engagement by 25%.
- **Improved organizational efficiency and reliability** for MavMarket by architecting a comprehensive and continuous developing **Standard Operating Procedure (SOP)** using Gemini that detailed a 4-phase event timeline for a team of 7, covering all event phases from marketing and logistics to stakeholder management.
- **President and Founder of the university's Entrepreneurship Club**, scaled the community to 100+ active members by directing a cross-functional 10-member executive board and facilitating over 20 workshops.
- Drove business development for the club by **securing \$4,000 in recurring sponsorship** per semester through partnership management and pitching proposals to external organizations.
- As an Organizer for the local "1 Million Cups" chapter, **drove stakeholder engagement** by successfully attracting and onboarding 24 local founders through targeted go-to-market strategies.

Business Analyst Intern, [NFC Solutions Private Limited](#) - Hyderabad, India

April 2022 - January 2023

- Facilitated as a Project Manager in **cross-functional collaboration** between Designers, Web and App Developers, and QA Testing teams to ensure on-time delivery of **4 key projects**, strengthening customer relationship management and earning positive client feedback.
- Served as Scrum Master, applying Agile methodology to streamline workflows, improving **development efficiency by 20%**. Facilitated requirement gathering, user stories, and test case reviews to ensure timely project delivery.
- Managed **social media, CRM, and inventory management** for an **e-commerce grocery platform**, boosting operational efficiency.

Founder and Community Lead, [e-DAM Community](#) - Hyderabad, India

March 2021 - January 2025

- **Founded a technical community** and scaled it to 5,000+ students from Tier-2/3 colleges, tailoring 200+ workshops to meet the needs of diverse user segments including aspiring developers, UI/UX designers, and AI/ML enthusiasts.
- Initiated and led the **research and system integration for a custom ERP solution** for Indian engineering colleges. Drove **continuous improvement by gathering feedback** from over 20 institutions and translating those **insights into a product** that streamlined operations for students, faculty, and administration.
- Architected a **scalable program strategy** that segmented members into 8 parallel content tracks and drove engagement through the "#100DaysOfTech" viral campaign, which boosted community retention via user-generated content on LinkedIn.
- Fostered over 50+ internships by first initiating 7+ tech projects and 5+ startups, and then performing business development and stakeholder management to connect students with these opportunities via a network of mentors and corporate partners.
- Founded and led the end-to-end execution of the "Social Media Summit 2023," securing Rs.4,00,000+ in sponsorships and directing a team of 50 responsible for marketing and logistics, delivering a major tech event for 500+ attendees and 10+ social media influencers.
- Developed the content strategy for and led production of the "e-DAM Spotlight" podcast, a thought leadership series featuring interviews with 12 tech founders to engage the regional startup ecosystem.

## Projects (Product Work) (Details in portfolio.)

---

### Google Maps : Product Teardown

- Translated qualitative data from **42 user interviews** into **two core problem statements**, revealing a critical user need for guaranteed **menu accuracy and granular dietary filters** to reduce platform drop-off.
- Architected a product strategy to directly address validated user needs, proposing a roadmap for a **centralized menu system with advanced, granular filtering** to capture the high-value market segment with **critical dietary requirements**.

### Clash of Clans : Product Teardown

- Proposed a strategy to drive **5-10% in new organic user acquisition** by creating a native social sharing feature for key in-game content like Attack Replays and Base Layouts, a recommendation validated by quantitative user research.
- Outlined a plan to boost player retention and engagement by designing a revamped Clan Discovery engine (**projecting a 15-20% increase in join rates**) and transforming the static “Social” tab into a dynamic feed for spectating friends’ attacks (**projecting a 20-30% increase in feature adoption**).

### Split-Wiser — AI-Powered Expense Splitting Tool

- Enabled fair and precise expense allocation, as measured by the system’s ability to handle item-level assignments from any bill, by architecting an AI-powered engine that parses PDFs and receipts using LLMs.
- Simplified a complex financial task into a repeatable process, as demonstrated by a guided 12-step user journey, by engineering a conversational UI powered by a CustomGPT.

### Thara - AI Personal Agent

- Architected a scalable multi-agent AI infrastructure enabling 11 specialized autonomous agents to orchestrate complex user workflows by engineering a LangGraph-based state machine synchronized with a FastAPI backend and PostgreSQL database.
- Revolutionized the personal productivity experience by automating the holistic tracking of tasks, habits, and ‘Ikigai’ purpose alignment by developing the ‘Thara’ ecosystem that combines proactive AI coaching with real-time behavioral pattern recognition.”

## Skills and Tools

---

- AI & Automation: Models:** Google LLMs (Gemini), OpenAI API (GPT-4o), CustomGPTs — **Concepts:** Prompt Engineering, System Design, AI Product Strategy, Model Evaluation Metrics — **Platforms:** n8n, API Integration, Cursor IDE, Google Antigravity.
- Product and Project Management: Core:** Product Lifecycle Management, Roadmap Development, Feature Prioritization (RICE, MoSCoW), Process Improvement & SOPs, Product Requirement Document, GTM Strategy, A/B Testing, Market & Competitive Analysis — **Research:** Market & User Research, Persona Development, Competitive Analysis
- Business Development & Leadership: Attributes:** Problem-solving mindset, Customer-facing experience, Start-up experience — **Strategy:** Business Development, Partnership & Sponsorship — **Management:** Organization Building, Team Building, Stakeholder Management, Product Storytelling
- Software Development & DevOps:** Methodologies: Agile, Scrum, Sprint Planning & Backlog Management — **Languages:** Python, JavaScript, SQL, C, HTML, CSS, LaTeX — **Technologies & DB:** ReactJS, NodeJS, Git, GitHub, MongoDB — **DevOps & Cloud:** Git, GitHub, Docker, AWS (S3, EC2), CI/CD Concepts
- Tools & Analytics:** PM Tools: Jira, Asana, Notion, Microsoft Project, Figma — **BI & Analytics:** Power BI, Google Analytics, Microsoft Excel & Word
- User Experience (UX):** Design: Foundations of UX Design, Prototyping & Wireframing — **Research:** User Journey Mapping, User Feedback Analysis

## Certification

---

- [Certified Scrum Product Owner](#)
- Lean Six Sigma Green Belt
- [Google : Foundation of Project Management](#)
- [Google : Project Initiation: Starting a Successful Project](#)
- Google : Project Planning: Putting It All Together
- Google : Foundations of User Experience (UX) Design
- [McKinsey.org Forward Program](#)
- Google: Data Analytics: Foundations
