

Abhishek Nagaraja, (CSPO, LSSGB)

Arlington, Texas, USA • work.abhishekn@gmail.com • www.abhishekn.in • linkedin.com/in/abhisheknagaraja

Strategic Program and Operations Manager with a track record of building scalable systems and leading complex, cross-functional projects from ideation to launch. Expert in driving operational efficiency and reliable delivery through data-driven process improvement, stakeholder management, and team leadership.

Education

University of Texas at Arlington
Master of Science in Computer Science

Texas, USA
August 2023 - May 2024

Master of Science in Engineering Management

May 2024 - Current

Jawaharlal Nehru Technological University Hyderabad
Bachelor of Technology in Computer Science and Engineering

Hyderabad, India
August 2019 - July 2023

Work Experience

Program Manager Intern, [University of Texas at Arlington](#) - Texas, USA

October 2023 - October 2025

- Delivered end-to-end program delivery as measured by scaling to 200+ vendors and \$120k revenue, by managing a \$120k PL budget and leading a cross-functional team of 7 for the 'MavMarket' campus marketplace, ensuring regulatory compliance.
- Achieved 35% increase in Net Promoter Score (NPS) as measured by vendor feedback loops, by tracking program KPIs and visualizing insights via Power BI dashboards to drive real-time decision-making.
- Maximized organizational efficiency as measured by consistent delivery across 4 event phases, by architecting a Standard Operating Procedure (SOP) using Gemini AI to standardize workflows across all operational phases and reduce training time.
- Secured \$4,000 in recurring sponsorship as measured by semester funding, by driving business development and pitching strategic proposals to partners and cultivating long-term relationships with key regional stakeholders.
- Boosted stakeholder engagement as measured by onboarding 24 local founders, by executing targeted GTM strategies for the "1 Million Cups" community chapter to foster local innovation and founder connectivity.
- Scaled community growth to 100+ members as measured by active membership, by directing a 10-member executive board as President of the Entrepreneurship Club and orchestrating large-scale student initiatives.

Business Analyst Intern, [NFC Solutions Private Limited](#) - Hyderabad, India

April 2022 - January 2023

- Ensured on-time delivery of 4 key projects as measured by positive client feedback, by facilitating cross-functional collaboration between Design, Dev, and QA teams as a Project Manager, mitigating communication gaps and aligning technical deliverables with client specs.
- Drove 20% improvement in development efficiency as measured by reduced sprint cycle time, by serving as Scrum Master and applying Agile/Lean workflows to eliminate redundancies and optimize team resources.
- Guaranteed timely project alignment as measured by executive approval of specs, by facilitating requirement gathering, user stories, and test case reviews to ensure zero-defect deployments and adherence to quality standards.
- Optimized operational efficiency as measured by streamlined inventory & CRM processes, by managing social media and backend operations for an e-commerce platform serving a growing customer base of 500+ daily users.

Founder and Community Lead, [e-DAM Community](#) - Hyderabad, India

March 2021 - January 2025

- Expanded community scale to 5,000+ students as measured by attendance at 200+ workshops, by founding a technical community and tailoring content for diverse user segments ranging from introductory coding to system design.
- Spearheaded continuous product improvement as measured by adoption across 20+ institutions, by leading research and system integration for a custom ERP solution tailored to the specific administrative and academic needs of partners.
- Sustained high member retention as measured by viral campaign participation, by architecting a scalable program strategy with 8 parallel content tracks.
- Facilitated 50+ internship placements as measured by successful corporate matches, by initiating tech projects and managing stakeholder relationships to bridge the gap between academic curriculum and industry needs.
- Raised Rs.4,00,000+ in sponsorship as measured by event funding, by directing a team of 50 to execute the "Social Media Summit 2023".
- Cultivated startup ecosystem engagement as measured by 12 founder interviews, by producing the 'e-DAM Spotlight' podcast to showcase inspiring entrepreneurial journeys and industry insights.

Strategic Projects & Analysis (Details in portfolio.)

Google Maps : Process Gap Analysis

- **Identified workflow failure** as measured by **drop-off data (42 interviews)**, by **conducting root cause analysis** on menu accuracy, uncovering specific pain points in the existing user journey.
- **Mitigated risk for dietary compliance** as measured by **validated user acceptance**, by **proposing a systemic process improvement** to centralize menu management.

Clash of Clans : Data-Driven Optimization Proposal

- **Forecasted 5-10% organic acquisition** as measured by **quantitative behavioral analysis**, by **formulating a growth strategy** with native social sharing to leverage network effects and reduce cost of acquisition.
- **Projected 20-30% adoption** as measured by **engagement metrics**, by **designing a retention plan** to revamp the social feed.

Split-Wiser — Technical Program Delivery

- **Enabled fair expense allocation** as measured by **precise parsing of complex bills**, by **managing end-to-end development** of an AI-powered engine using LLMs to automate data extraction and ensure high accuracy in splitting.
- **Accelerated user adoption** as measured by **completion of the workflow**, by **streamlining the financial process** into a repeatable 12-step guided journey.

Thara - AI Personal Agent Ecosystem

- **Orchestrated multi-agent coordination** as measured by **11-agent synchronization**, by **orchestrating the architecture** using LangGraph and FastAPI to enable complex reasoning and asynchronous task execution.
- **Aligned system with user goals** as measured by **real-time behavioral analysis**, by **automating complex workflows** for task and habit tracking.

Skills and Tools

- **Product and Project Management: Core:** Program Lifecycle Management, Risk Management, Stakeholder Communication, Roadmap Development, Feature Prioritization (RICE/MoSCoW), Process Improvement SOPs, **SWOT Analysis, Working Backwards Framework.**
- **Business Development & Leadership: Attributes:** Problem-solving mindset, Cross-functional Leadership, Conflict Resolution, Start-up experience — **Strategy:** Business Development, Partnership & Sponsorship — **Management:** Organization Building, Team Building, Resource Capacity Planning, Product Storytelling
- **Software Development & DevOps: Methodologies:** Agile, Scrum, Waterfall, Kanban, Sprint Planning & Backlog Management — **Languages:** Python, JavaScript, SQL, C, HTML, CSS, LaTeX — **Technologies & DB:** ReactJS, NodeJS, Git, GitHub, MongoDB — **DevOps & Cloud:** Docker, AWS (S3, EC2), CI/CD Concepts
- **Tools & Analytics: PM Tools:** Jira, Asana, Notion, Microsoft Project, Figma, **Salesforce, Smartsheet, CMMS** — **BI & Analytics:** Power BI, Google Analytics, Excel, **P&L Management, ROI Analysis.**
- **AI & Automation: Models:** Google LLMs (Gemini), OpenAI API (GPT-4o), CustomGPTs — **Concepts:** Prompt Engineering, System Design, AI Product Strategy, Model Evaluation Metrics — **Platforms:** n8n, API Integration, Cursor IDE, Google Antigravity.
