

Abhishek Nagaraja, (CSPO)

Arlington, Texas, USA • work.abhishekn@gmail.com • www.abhishekn.in • linkedin.com/in/abhisheknagaraja

Certified Scrum Product Owner (CSPO) with experience in **Agile Product Delivery** and **Backlog Management**. Proven ability to translate complex business requirements into clear **User Stories** and technical specifications. Expert in facilitating Scrum ceremonies, aligning stakeholders, and leveraging AI/Cloud technologies to accelerate product velocity.

Education

University of Texas at Arlington
Master of Science in Computer Science

Texas, USA
August 2023 - May 2024

• **Master of Science in Engineering Management**

May 2024 - Current

Jawaharlal Nehru Technological University
Bachelor of Technology in Computer Science and Engineering

Hyderabad, India
August 2019 - July 2023

Work Experience

Program Manager Intern, University of Texas at Arlington - Texas, USA October 2023 - October 2025

- Accomplished **successful product launch** as measured by **scaling to 5,000+ users** and **\$120,000 in revenue**, by **acting as Product Owner** for 'MavMarket' to manage the full product lifecycle.
- Accomplished **40% reduction in overhead** as measured by **automated departmental workflows**, by **architecting an AI-powered Standard Operating Procedure (SOP)** to groom the operational backlog and remove bottlenecks.
- Accomplished **35% increase in Net Promoter Score (NPS)** as measured by **stakeholder feedback loops**, by **using data analytics** to prioritize improvements and drive user engagement metrics up by 25%.
- Accomplished **on-time delivery of objectives** as measured by **seamless event execution**, by **facilitating cross-functional collaboration** between marketing, logistics, and vendors.

Business Analyst Intern, NFC Solutions Private Limited - Hyderabad, India April 2022 - January 2023

- Accomplished **aligned technical execution** as measured by **delivery of 4 key projects**, by **serving as Proxy Product Owner** to translate business needs into **Product Requirement Documents (PRDs)** and **API specifications**.
- Accomplished **20% improvement in velocity** as measured by **development efficiency metrics**, by **facilitating Sprint Planning, Daily Scrums, and Retrospectives** to remove blockages.
- Accomplished **smooth API integrations** as measured by **successful feature releases**, by **managing the Product Backlog** for an e-commerce platform and prioritizing features based on customer value.

Founder and Community Lead, e-DAM Community - Hyderabad, India March 2021 - January 2025

- Accomplished **community scale** as measured by **growth to 5,000+ members**, by **defining the Product Strategy** for a technical platform and releasing iterative features based on user feedback.
- Accomplished **high-value content delivery** as measured by **200+ technical workshops**, by **managing stakeholder relationships** with corporate partners to align offerings with market demand.

Projects

Thara: Multi-Agent AI Ecosystem

- Accomplished **streamlined development workflows** as measured by **actionable User Stories for 11 components**, by **defining and prioritizing the Product Backlog** for a complex, scalable AI infrastructure.
- Accomplished **efficient cross-functional coordination** as measured by **on-time sprint delivery**, by **operating as Product Owner** to facilitate ceremonies across **Cloud (AWS)** and **Backend (FastAPI)** engineering workstreams.
- Accomplished **99.9% system uptime** as measured by **automated validation scripts**, by **defining clear Acceptance Criteria** and overseeing quality execution.

Google Maps: Product Teardown

- Accomplished **validated feature prioritization** as measured by **42 user interviews**, by **translating qualitative feedback** into prioritized **Epics** focused on "Menu Accuracy" and "Dietary Filtering."
- Accomplished **stakeholder buy-in** as measured by **approval of high-impact features**, by **developing a Product Roadmap** for a centralized menu system addressing critical user needs.

Clash of Clans: Product Teardown

- Accomplished **targeted user growth** as measured by **5-10% estimated organic acquisition**, by **prioritizing feature development** based on quantitative impact analysis of social sharing.

- Accomplished **projected retention lift** as measured by **15-20% increase in join rates**, by **defining release requirements** for a "Clan Discovery Engine" aligned with retention goals.

Skills and Tools

- **Product Ownership:** Backlog Grooming, User Story Writing, Sprint Planning, Acceptance Criteria, Burndown Charts, Stakeholder Management, Agile/Scrum.
- **Tools:** Jira, Confluence, Azure DevOps, Asana, Notion, Figma, Power BI, Google Analytics.
- **Technical Literacy:** API Integration, REST, SQL, Cloud Architecture (AWS), Python, AI Models (Gemini, GPT-4), CI/CD Concepts.
- **Methodologies:** Scrum, Kanban, Lean-Agile, RICE Prioritization, Design Thinking.

Certification

- [Certified Scrum Product Owner \(CSPO\)](#)
- [Google: Foundation of Project Management](#)
- Google: Data Analytics Specialization

Other Projects

Product-Pal: AI Strategy Specialist

- Accomplished **70% reduction in analysis time** as measured by **operational efficiency**, by **defining the Minimum Viable Product (MVP)** for an autonomous AI strategy agent.
- Accomplished **reduced API latency** as measured by **user testing metrics**, by **validating product assumptions** through rapid prototyping and UI iteration.

Split-Wiser: AI-Powered Financial Automation

- Accomplished **prototype delivery** as measured by **completed concept-to-launch cycle**, by **owning the Product Roadmap** for a financial automation tool using OpenAI APIs.
