

Abhishek Nagaraja

Dallas, Texas, USA • work.abhishekn@gmail.com • [linkedin.com/in/abhisheknagaraja](https://www.linkedin.com/in/abhisheknagaraja) • www.abhishekn.in

Product & Growth Professional specializing in GTM Strategy, Community Building, and Technical Product Marketing. Expert in orchestrating two-sided marketplace launches and bridging the gap between engineering innovation and commercial adoption. Proven ability to drive user acquisition and optimize revenue operations.

Education

University of Texas at Arlington
Master of Science in Computer Science
Master of Science in Engineering Management

Arlington, Texas, USA
August 2023 - May 2024
May 2024 - Current

Jawaharlal Nehru Technological University
Bachelor of Technology in Computer Science and Engineering

Hyderabad, India
August 2019 - July 2023

Work Experience

Program Manager Intern, University of Texas at Arlington - Texas, USA

October 2023 - October 2025

- Launched the end-to-end **product lifecycle** for 'MavMarket', scaling the commercial adoption to 200+ vendors and 5,000+ attendees by executing a comprehensive **vendor acquisition strategy** and generating \$120,000 in revenue.
- Accelerated stakeholder **Net Promoter Score (NPS)** by 35% by executing a technical feedback system for 300+ participants, leveraging **user research** to identify and resolve critical friction points in the commercial GTM funnel.
- Monetized organizational efficiency by architecting a 50+ page, **AI-powered SOP** in Gemini that reduced event planning time by 40% and delivered a consistent, professional experience for all MavMarket stakeholders, users, and partners.
- Grew the university's Entrepreneurship Club to 100+ active members by founding the organization and leading a 10-member executive board, by utilizing a high-velocity **peer-to-peer mentorship pipeline** to drive community-led growth.
- Captured significant community engagement for the local '1 Million Cups' chapter by onboarding 24 local founders, by utilizing targeted **GTM strategies** to build a student builder brand and align founders with networking opportunities.

Founder and Community Lead, e-DAM Community - Hyderabad, India

March 2021 - July 2023

- Spearheaded community growth to 5,000+ members by performing **Market Analysis** and building a strategic network of industry partners, by utilizing **200+ technical workshops** to foster a thriving, scalable, and inclusive developer ecosystem.
- Iterated on technical curriculum content based on high-value **attendee satisfaction metrics**, by utilizing narrative data and feedback loops to continuously improve learning outcomes and drive professional builder engagement for community members.

Business Analyst Intern, NFC Solutions Private Limited - Hyderabad, India

April 2022 - January 2023

- Directed GTM alignment and **PRD documentation** for 4 key enterprise projects, by serving as the commercial lead between stakeholders and technical teams to ensure market-ready delivery through high-fidelity **Jira** backlog management.
- Accelerated development throughput by serving as Scrum Master, applying **Lean-Agile principles** to streamline the commercialization process and leveraging **bi-weekly retrospectives** to remove blockers and mitigate risk in the launch cycle.
- Monetized the **order lifecycle** for an e-commerce platform by leveraging **automated inventory triggers** and pricing logic, reducing processing errors by 15% and increasing baseline customer, user, and stakeholder retention.

Strategic Projects & Analysis

Google Maps: Product Strategy

- Translated qualitative data from **42 user interviews** into two core problem statements, revealing a critical user need for guaranteed **menu accuracy** by utilizing **UX journey mapping** to identify high-friction drop-off points.
- Architected a **product strategy** to directly address validated user needs, by utilizing a roadmap for a **centralized menu system** with granular filtering to capture the high-value market segment with critical dietary requirements.

Clash of Clans: Growth Strategy

- Proposed a **viral growth strategy** driving **5-10% new organic user acquisition** by creating a native social sharing feature for key in-game content, by utilizing **referral loop optimization** and player behavioral data patterns.
- Projected a **15-20% increase in join rates** and **20-30% increase in feature adoption** by designing a revamped **Clan Discovery engine** and transforming the feed by utilizing **data-driven insights**, metrics, and predictive UX patterns.

Technical Projects

Thara: Multi-Agent AI Ecosystem

- Defined the **Product Vision & Value Proposition** for a multi-agent AI ecosystem, targeting the **personal productivity market** by addressing the fragmentation of task and habit tracking through a unified, high-performance technical platform.
- Validated **Technical Feasibility** by prototyping the core infrastructure using **LangGraph and FastAPI**, ensuring the product roadmap was grounded in realistic engineering constraints and a scalable, high-fidelity system architecture.
- Aligned system with user goals as measured by **real-time behavioral analysis**, by automating complex workflows for task and habit tracking using **vector-based context retrieval** and indexed metadata to reduce cognitive load for all beta users.
- Orchestrated a 'Single Source of Truth' architecture using **YAML and Jinja2**, reducing resume tailoring time by **95%** for multiple job families (TPM, Product) by decoupling content from layout and utilizing modular data inheritance.
- Engineered an automated **Quality Assurance protocol** that enforces the Google '**XYZ**' formula, by leveraging **Python-based validation logic** to identify, audit, and reject experienced content lacking measurable impact, metrics, or depth.

Resume Agent - AI Resume Engineering System

February 2026 - Present

- Orchestrated a 'Single Source of Truth' architecture using **YAML and Jinja2**, reducing resume tailoring time by **95%** for multiple job families (TPM, Product) by decoupling content from layout and utilizing modular data inheritance.
- Engineered an automated **Quality Assurance protocol** that enforces the Google '**XYZ**' formula, by leveraging **Python-based validation logic** to identify, audit, and reject localized experience content lacking measurable impact, metrics, or depth.
- Achieved consistent **~90% parsing scores** across standard ATS checkers by decoupling data from design using a custom **LaTeX class structure** that prioritizes machine readability, accessibility, and semantic document structure.

Split-Wiser: AI Expense Tool

- Reduced splitting time by **76%** and validated stability by monitoring the app in a **pre-production environment**, and by isolating and troubleshooting reported issues using strict **QA protocols** to ensure zero defects and high uptime.
- Enabled fair and precise expense splitting by applying **context engineering** to design a conversational AI agent, building a **CustomGPT** that accurately parses unstructured data to guide users through a guided, step-by-step verification workflow.

Product-Pal: AI Product Teardown Specialist

- Reduced product analysis time by **70%** and increased strategic throughput by **3x** by designing an **AI agent** that utilizing **n8n workflows** to automate the end-to-end teardown process from discovery research to GTM strategy.
- Applied **context engineering** to design a **multi-step analytical workflow**, by utilizing structured prompts that guide the LLM to specific, **actionable recommendations** while mitigating technical hallucination and consistency risks.

Skills and Tools

- **GTM & Growth Strategy:** Go-to-Market (GTM) Strategy, Product Positioning, User Acquisition, Market Adoption, Revenue Operations, Competitive Analysis, Brand Strategy, Event Monetization.
- **AI-Powered Marketing & Sales:** AI-Powered Revenue Ops, Automated Lead Scoring, GTM Bot Development, Generative AI (Gemini/GPT-4o), Prompt Engineering, n8n Automation, Context Engineering.
- **Technical Growth Tools:** Python (Scripting), SQL, Zapier, API Integration, Google Analytics, Amplitude, Power BI, Excel (Advanced), GitHub, Antigravity, Cursor, Windsurf, v0.
- **Soft Skills & Messaging:** Product Storytelling, Market Messaging, Cross-functional Leadership, Stakeholder Management, Narrative Data, Strategic Communication.
- **Methodologies:** Agile, Scrum (CSPO), Lean-Agile, SDLC, SEO/SEM, Customer Retention (LTV/CAC), SOP Architecture.

Certifications

- Certified Scrum Product Owner (CSPO)
- AWS Certified Cloud Practitioner (In Progress)
- Google: Data Analytics Specialization
